President's Corner

Dear Members,

As I write this we've just started the Fall season, mullet are running locally, Bass are being caught, the Fall Derby has begun, and the Club's heading to Montauk in the morning. This will be my first fishing trip there and I'm looking forward to club camaraderie and hopefully fish for all. Come to the October meeting for all the juicy details.

Breakfast on the beach on 9/18 was a success in my opinion. There were 42 members that showed at various times and many stayed the whole 3 hours. The screaming northeast wind and rough surf wasn't conducive to fishing and everyone appreciated the

windbreak afforded by member's trucks. That is until the tide started coming in and trucks needed to move. There was food and drink a plenty. I think we'll be doing this again as the turnout was great. Many others drove by thinking there was a blitz but it was just good folk getting together to eat and BS a bit. Thanks to Steven, Mark, and all the others who helped put this together.

See you at the October meeting, catch 'em up.

October Entertainment

The October meeting will be held on Wednesday the 5th. This month's meeting will feature a presentation about the 2011 Youth Education Day.

Although unconfirmed at the time of this writing, we expect some members of the Seaside Heights pack/troop that

participated in the program to join us for the presentation.

Refreshments and food for the meeting will be provided by the Club.

As usual the meeting is at 7:30 PM at the Seaside Park Courtroom above the police station.

Welcome New Members

Lou Giordano

Bob Hryszko

Erin Perna

Know someone who might be interested in our club? Anyone is welcome to attend a meeting just to "check us out".

Rhode Island Tag Return

This 42" fish was tagged by Club member Don Brown on 6/7/11 in Ortley.

Hello,

We recently caught a striped bass with your tag in it. The fish was caught and released on July 28th, 2011. The fish measured 42 inches and weighed approximately 26lbs and was caught on the south side of Block Island.

The tag # is 37833 from the Berkeley Striper Club Seaside Park, NJ. Please let

me know if there is any other information I can provide to get a background of this fish.

My daughter Heather Elser caught the fish right before we landed a 62.5 lb. bass in the same area!

Thanks,
Captain Chris Elser
